

VETERANS' WORKSHOP

RESUME BUILDING AND INTERVIEW COACHING

Deloitte.

JUNE 5

9AM – 3PM

980 9TH STREET

No cost for attending. Breakfast and Lunch will be served.

Friday June 5th marks Deloitte's 16th annual day of volunteering. With participation from approximately 38,000 Deloitte employees from across the country, our volunteers will participate in community projects. We call it IMPACT Day – our goal is to make a lasting impact within the local communities where we live, work and play.

This workshop will help Veterans transitioning from military service back to civilian life, and seeking work in corporate America. We will help Veterans to refine their résumés by effectively translating their unique skillsets and experiences into an impactful résumé.

Veterans will also receive interview techniques and tips, participate in mock interviews with positive, constructive coaching to assist in developing and polishing their interview skills in a real-life corporate setting.

This will be a small-format, highly interactive workshop. Our goal is to provide actionable information on how to develop a strong resume and prepare for an interview.

Deloitte is honored to have this opportunity to sponsor and facilitate this workshop, as a small gesture of our sincere appreciation to Veterans and their families. We are ever grateful for your service to our country.

Agenda

- Guidance on Brand and Resume Building
- Coaching on Interviewing Skills and Elevator Pitch
- Practice through Mock Interviews
- Sharing of effective methods and resources for job search

**Class size is very limited,
and registration is required.
There is no charge for
participation.**
